Question 1 - Describe the five steps of the Interpretive Journey

4. Consulting the biblical map –
How does our theological principle fit with the rest of the bible?
5. Grasping the text in our town -

Question 2 - What are the guidelines for developing theological principles?

The guidelines for developing theological principles can be summarized as follows;

- It should be reflected in the text
- It should be timeless and not tied to a specific situation
- It should not be culturally bound
- It should correspond to the teaching of the rest of scripture
- It should be relevant to both the biblical and the contemporary audience

Question 3 - What are the differences that determine the width of the river to cross?

The differences that determine the width of the river to cross, i.e. the differences between the biblical audience and us, include the differences in culture/custom, language, situation, time and covenant.

These differences are crucial considerations when learning to understand the scriptures' contextual meaning and application for the original biblical audience and us as contemporary Christians.

Thank you Carlo. You have noted the essentials of this assignment. Well done! Perhaps to illustrate the above, can you also cite a particular scripture that comes to mind to help illustrate the above points. Thank you!

You're a great contributor to our class, as well as to our mid-week Bible study. Again, thank you!
